

Two Channel Modular PTT Kit

The Ops-Core® Two Channel Modular PTT enables the connection of the AMP® Communication Headset to one or two individual radio systems when used with the specific modular radio adapter cables. The kit includes PTT and breakaway download. The Fischer Connector Solutions connectorized breakaway download provides high quality environmentally sealed connection to the PTT.

Two Channel Modular PTT with breakaway download

KEY FEATURES

- Recessed activator prevents accidental keying, while still accommodating gloved hand use
- Controls designed for positive feel with low signature
- Stereo
- Adjustable MOLLE clip
- Tethered dust cap to cover one radio port when not in use

Immersion*
1 Meter for 1 Hour
3 Meters for 30 Seconds

*Total system immersion capability dependent on headset and radio specifications
